

HARRIS ASSOCIATES
MANAGERS OF DESIGN & CONSTRUCTION

FINNEY'S CRAFTHOUSE & KITCHEN @ DOWNTOWN SUMMERLIN

+ PROJECT DURATION

March 2026 - August 2026

+ PROJECT SIZE

8,566 SQ FT

+ COMPONENTS

- Full Scale Interior & Exterior Build-Out
- Custom Millwork & Banquettes
- Outdoor Patio with Misting System

+ PROJECT OVERVIEW

Harris Associates delivered the build-out of Finney's Crafthouse & Kitchen at Downtown Summerlin, a new restaurant and bar with a large outdoor patio.

Scope included demolition, new concrete and structural steel, roofing, EIFS and stucco, an Arcadia glazed storefront, and full MEP and fire protection, coordinated with the owner's beer cooler, kitchen hood and food service packages.

Custom architectural millwork and upholstered banquettes anchor the interior. On the patio, 165 feet of outdoor banquettes, metal panels and a misting system extend the dining room outdoors.

Delivered within the Downtown Summerlin tenant program, coordinating site logistics, insurance and close-out with center management and the owner's design team.
